The buyer and seller would both see the same basic status page for an auction that has ended with status, price, et
If the user hasn't yet paid and is viewing the status page, they would see a "Pay Now" button

This is also where ratings would be posted.

Message board "sticky text" should be admin controlled

Links and Discounts are entirely admin-controlled pages

This is a very rough forum mockup. Most of the look/functionality of the forums will be dictated by the capabilities of rboard.

Forum postings include user's name, profile picture, and potentially summary icons to show how many children they have.
